#### I) Goal and Plan

- A) Buying new gear for Cub Scouts and Boy Scouts can run into a bit of money. It's too bad that younger scouts can't benefit from the outgrown gear sitting in closets throughout our District. Some gear has only been used a few times and is still in good condition.

#### II) Plan Overview

- A) Troops, packs and individuals will bring gear they don't need to the Spring Camporee.
- B) Items need to be in good condition and working.
- C) Unit leaders and then individuals will have an opportunity to select things they need.

  - 2) Snow boots
  - 3) Sneakers
